2019 IEEE International Electron Devices Meeting

December 7th – 11th, 2019

Hilton San Francisco Union Square
San Francisco, California

Focused Call for Papers

IEDM is pleased to announce increased technical focus in the area of:

Power Devices and Systems (PDS)

Topics

Papers are solicited in the following themes of interest:

- Power devices, modules and systems
- System-level impact of power devices
- Manufacturing processes, device design, modeling, physics, and reliability of power devices
- Fundamental studies on doping, traps, interface states and device reliability for power switches

New or trending areas include:

- New wide bandgap semiconductors
- Newer Applications from automotive to smart grid

Streamlined Paper Submission

Submission deadline: July 26th
Single submission of final, four-page paper
